

# PLAY, *The Retreat*

JANUARY 26-30, 2012 ~ PORT TOWNSEND, WA

This winter, come join us as we cozy into our creating space for 3 full days and four evenings of art making. The retreat is like a mini artists residency, where each artist brings their favorite mediums to work on. We start at 8am (or earlier if you want) and end whenever you would like. Some people create until well after midnight while others call it good around 9 or 10.

**Teesha & Tracy** will bring some **fresh new workshops** as well as take you on a couple of photography walks and evening journaling sessions down at the Undertown coffeeshop with live music.

Teesha Moore will be teaching various techniques in **Mixed Media Painting & Drawing** which you can explore in your journal or on big canvases. Each of the 3 mornings she will demo various techniques to play around with for the day.

Tracy Moore will be bringing his **lomo cameras** for you to borrow if desired. You are free to join him on a couple of walks to **learn some great tips and tricks** on getting great shots, double shots and developing tips. He will also be giving instructions on making a **TTV camera** at PLAY. More instructions on this will be in your confirmation.

The final project will be instructions on how to make a great **travel/cookbook journal**. For our "trades" this year, we are asking everyone to bring their favorite recipe for everyone in the group. This journal will be made out of an old children's picture book and you will love it for all sorts of things.

Whatever your level is, you are welcome. Groups like this are so great for **collaborating** too. Bring your work and invite suggestions from your fellow artists. Sometimes a fresh pair of eyes can really open your own, especially if you feel that your work has been getting a little stale and don't know which direction to go next.

Each person will get their own 6' table to work on. The workroom will be in The Commons, room A&B (same room as the art-fest office) as we love the giant windows, the carpeted floor and the easy access to a sink.

*The tentative schedule looks like this:*

## THURSDAY

3:00pm check-in  
5:00pm overview, slideshow of attendees work  
5:30pm dinner is provided at the fort
